

You are all aware of the current situation in Russia: the EU has imposed massive and unprecedented sanctions against Russia in response to the war of aggression against Ukraine, which began on 24 February 2022, and the illegal annexation of the Ukrainian regions of Donetsk, Luhansk, Zaporizhzhia and Kherson.

On the economic side, the EU has introduced a number of import and export restrictions.

The list of banned products, which is constantly evolving, is designed to maximise the negative impact of the sanctions on the Russian economy.

The equipment produced by ID Insert Deal falls into the 'dual use' category, i.e. goods that could be used for both civil and military purposes.

In view of the above, ID Insert Deal has taken the decision to suspend its EAC certification until the political and economic situation is clearer.
